

REQUEST FOR INFORMATION (RFI)

Requested Team UBCO **Date** November 23rd, 2023
Competition GNCTR 2024 **RFI No.** RFI_017

ISSUE DESCRIPTION AND REASON FOR RFI

Section 6.4.3.2.2 lists technical requirements required for disclosure in Safety Report 2. One of these includes sliding surface structural calculations as detailed in Section 7.2.5. But this section states that these calculations must be demonstrated in our technical report, no mention of safety report 2. So, to clarify, are sliding surface structural calculations a requirement for the technical report or safety report 2?

RESPONSE

The calculations are required in both Safety Report 2 and Technical Report.

Section 6.5.2.2 notes the requirement to include the components outlined in Section 7 in the Technical Report.
