

# REQUEST FOR INFORMATION (RFI)

**Requested Team** University of Alberta      **Date** September 26<sup>th</sup>, 2023

**Competition** GNCTR 2024      **RFI No.** RFI\_010

## ISSUE DESCRIPTION AND REASON FOR RFI

Rule 9.2.6 states that Tech Displays must have 'sufficient flooring protection'. Does the whole 10' by 20' area need to be covered with protection before the crate, wooden walls, and toboggan are set up in the area or does this apply to only things that can scratch the floor (i.e. concrete skis)?

## RESPONSE

Teams must prepare to provide enough flooring protection to cover the entire 10'x20' area.

The OC reserves the right to adjust flooring protection requirements should the Technical Exhibition Venue requirements change.
